

supplier of quality products to the lift and electrical industries

PEW Electrical  
Distributors

# insight

Newsletter Issue 1

April 2021

Designed to be short and concise, our new monthly newsletter is compiled by the team at PEW where we'll keep you up to date with new and existing products, supply partner focus and service innovations.

**insight** will be available monthly via our social media channels. Keep an eye out!

Designed to be read on your device but should you need to print it, use the Booklet feature and double sided to use just 1 piece of A4 and fold it.

Our trade counter remains open for business, with social distancing protocols in place for your well being.

## Contents

page 2 - What's New

page 3 - New Datasheets

page 4 - Supplier Focus

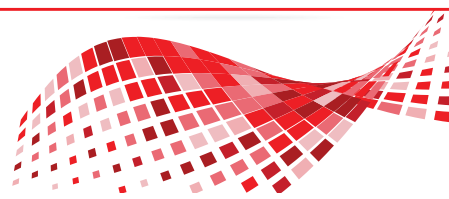

**"Service is our  
most important  
product"**

## Welcome

A very warm welcome to our new monthly **insight** newsletter that we hope you will find informative, both from a product and service perspective.

With ongoing restrictions on travel and visiting, we wanted to bring our latest news directly to your inbox.

The entire team at PEW Electrical Distributors would like to thank you for your continued support and business. It genuinely means a lot to us and we're looking forward to the opportunity to provide you with even more great products and customer service.

## what's new

Keeping up with new social media trends, we have launched our new Telegram Channel. If you want to keep up to date with news and offers, subscribe by using this link: [https://t.me/pew\\_electrical](https://t.me/pew_electrical)

VEGA have chosen PEW Electrical Distributors as their partner to bring Italian Style to the the UK lift industry. Take a look at our new website area dedicated to **VEGA signalisation solutions**.  
[www.pewelectrical.com/vega-srl](http://www.pewelectrical.com/vega-srl)

Our very own **LEDelitePro** Car Lighting System just got even better with two new product options:

- LEP35/CU2EM - steel encased Control Unit for up to 9 downlights with 2 as emergency
- LEM35/3C or W - our new low profile MORTICE downlight at only 10mm depth for low ceiling installations

**LED** *elite* **PRO**

To continuously improve our service, the PEW team has expanded recently, with new recruits covering sales and warehouse operations.

Neil Gardner joins us as a Business Development Associate and VEGA specialist, bringing 8 years of lift signalisation knowledge and experience to help support our customers with their project demands. He is also expanding his knowledge on our extensive range of products and is constantly seeking new innovations to bring to market.
