XPO SCREENS

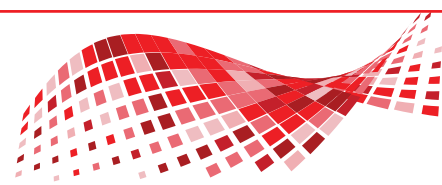

INVITE elevator screens

- ➔ DYNAMIC CONTENT
- ➔ ENHANCED EXPERIENCE
- ➔ REAL-TIME INFORMATION
- ➔ EYE-CATCHING
- ➔ ELEGANT DESIGN
- ➔ PURPOSE-BUILT
- ➔ REMOTE MANAGEMENT
- ➔ ECO-FRIENDLY

The elevator presents an optimal opportunity for impactful communication. With captive audiences and targeted content, it's an ideal space for sharing information, entertainment, or advertising.

With a range of options, including various formats and designs, our screens are the perfect solution for businesses looking to take their communication strategy to the next level.

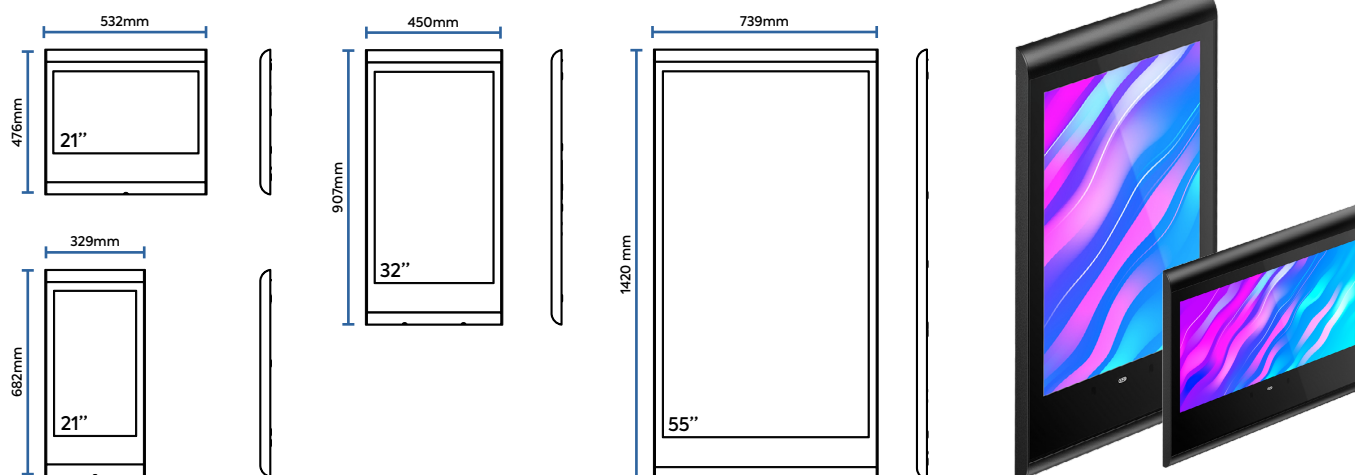

Sizes

We offer the INVITE lift screens in four standard sizes: 15*, 21, 32 and 55 inches. We can also provide custom sizes for the INVITE lift screens upon request.

*Due in July'23

FRAMECOVER NARROW

Options

We offer various cover options for the INVITE elevator screens, providing you with the flexibility to select a cover that matches your aesthetic preferences or functional needs.

Aluminium frame finish

The INVITE displays and digital mirrors with aluminium frame (narrow and wide) are powder coated (structure) in black or white. But can optionally be supplied in other colours and finishes.

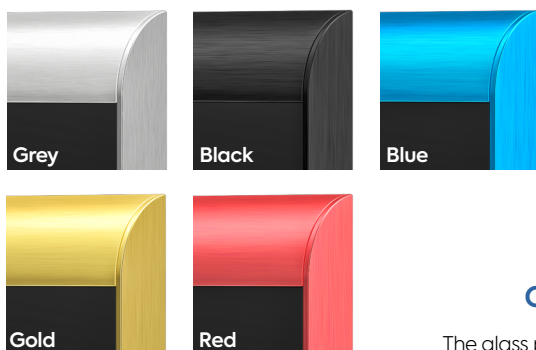

1 Powder coat frame: specific colour of choice

Powder coat in a different colour of your choice, subject to availability.

2 Brushed aluminium frame

Optionally, it is possible to finish the aluminium frame in brushed or anodised. You can choose from 5 standard colours, or subject to availability, we can offer bespoke colours.

Custom print glass

The glass plate can be printed in any desired design and/or with a custom (illuminated) logo.
